

***Response to Amendments***

1. Applicant's proposed amendments create new issues that would require further search and consideration.
2. Specifically, in claim 1 the drying fan would be recited as producing a heated air stream. This feature was not previously recited in the claims.

***Response to Arguments***

3. Applicant's arguments are directed to the cited references as they may apply to the amended claims. However, the proposed amendments have not been entered and the cited references have not been applied to these proposed amended claims making these arguments moot.
